Introducing Achroma Planks. Inspired by the achromatic - that which is without colour or hue. A simple yet sophisticated range. Embrace the tonal nuances of a neutral palette, like forms and textures appearing and receding through beams of light or blankets of shadow.

MAKING AN IMPACT WHILE REDUCING OUR IMPACT

CIRCUL8

REINSTATE, REJUVENATE, REGENERATE.

Signature Floors' local carpet tile recycling initiative here in Australia reaffirms our ongoing commitment to closing the loop and creating a circular economy. Your Signature carpet tiles are designed with longevity and performance in mind. However, when it comes time to say goodbye to your flooring, carpet tiles can be returned as part of our product stewardship. Returned tiles are first assessed and ultimately reused or recycled through a process of rejuvenation and yarn regeneration.

CERTIFICATIONS

Sustainable practices underpin everything we do, supported by our Greenrate™ level A certification from Global Greentag™. We promote material transparency with Declare labels, are actively increasing the recycled content in our products and are on a mission to become carbon neutral.
