INFINITY PLANKS - A COLLECTION THAT VENTURES BEYOND BOUNDARIES

Expertly curated, Infinity Planks is an exploration of creativity and knowledge beyond the edges of the known.

A journey through boundless ideas, challenging what is possible and stretching the imagination to create a refined and comprehensive collection of Vinyl Planks.

Stand at the edge of something greater, and delve into Infinity Planks and immerse yourself in the experience of venturing beyond boundaries.

INFINITY

PLANKS

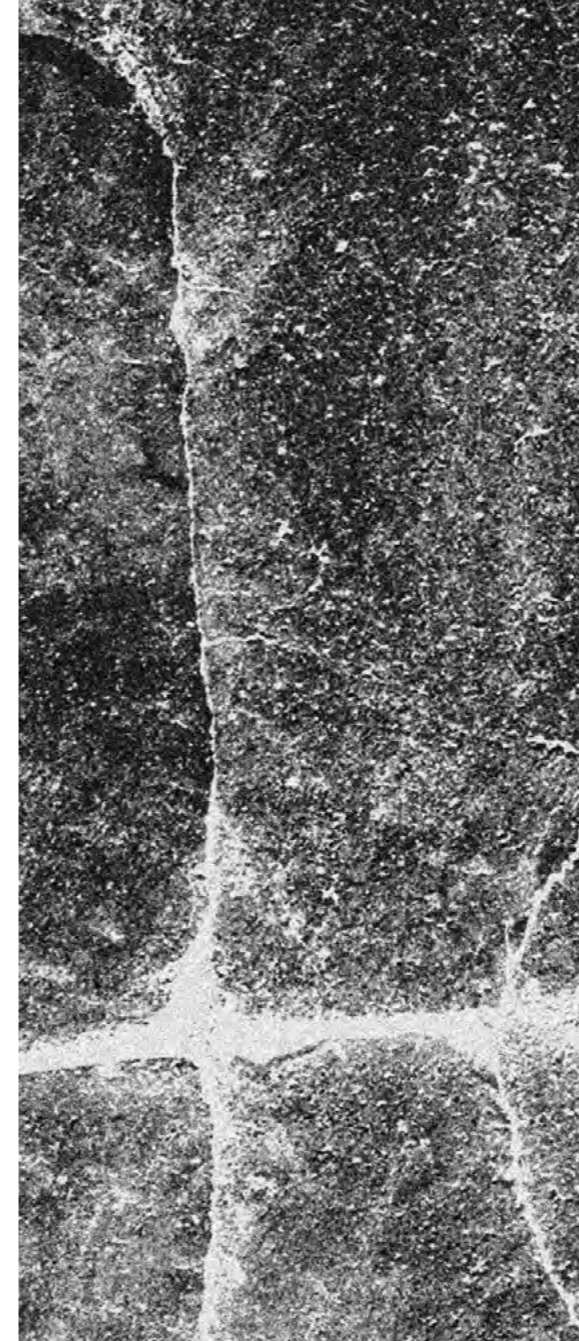

DESIGNED TO MEET THE DEMANDS OF BUSY COMMERCIAL ENVIRONMENTS

Thoughtfully created, Infinity Planks offers exceptional durability for high traffic areas, while ensuring effortless maintenance, perfectly suited for functional, long lasting architectural solutions.

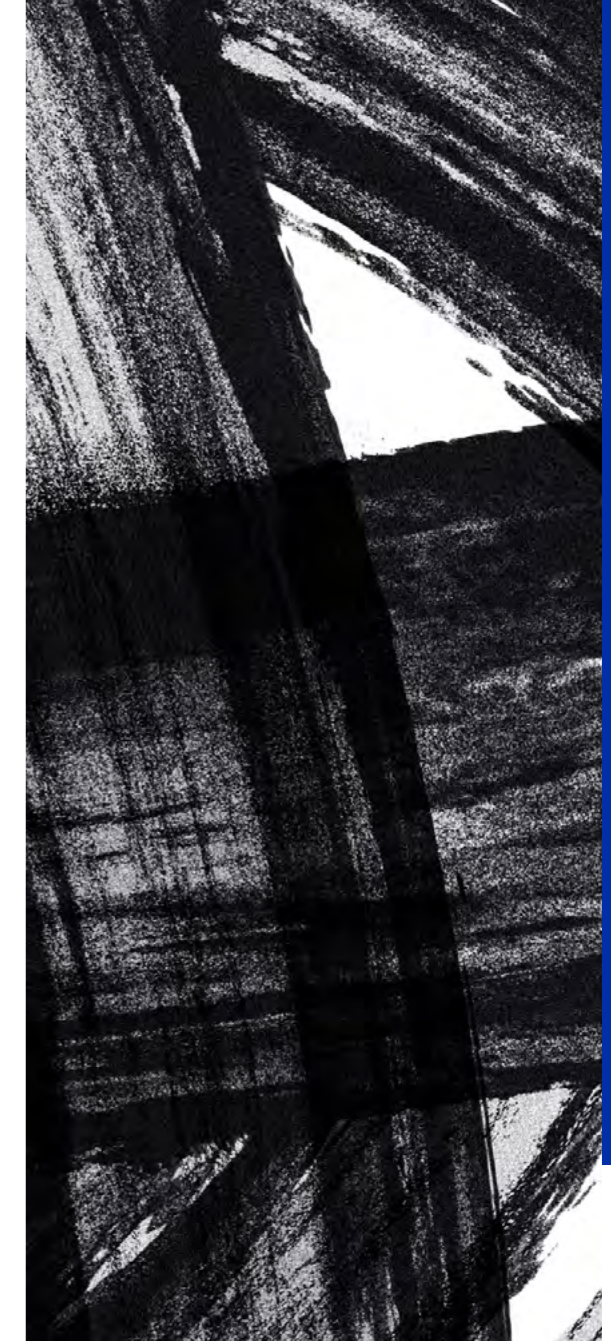

WOOD

Infinity Planks offers three ranges of timber inspired planks – Wood 2.0, 2.5 and 4.5 – each thickness available in ten warm, nature inspired hues. Across fourteen varieties of wood grains from Oak, Spotted Gum and Blackbutt, each pattern offers a range of textures, from a softer more subtle appearance to a heavier deeper grained pattern.

STONE

Stone 2.5 is available in ten colourways while 4.5 features five, in beautifully grounded tones reflecting the authentic nuances formed in nature. With four unique stone patterns each offering a distinct aesthetic, the collection ensures a consistent appearance that is visually appealing.

COLOUR

A showstopping blend of fifteen colours from versatile neutrals to bold, striking hues, Colour 5.0 is the perfect choice when colour is your priority.

INFINITY
PLANKS

WOOD

A story grounded in landscape, and crafted by mother earth. Born from the intricate grains, warm hues and nuanced characteristics found in timber.

EASY EVERYDAY LIVING

TIMBER GRAIN VARIATIONS IN A PALETTE OF NATURE-INSPIRED TONES

Influenced by nature, the appearance of oak is affected by varying factors such as the tree's age, growth rate and the soil and climate of the region. Infinity Planks features 14 Oak variations, each pattern available in a selection of nature inspired colours, providing the flexibility to select the grain that best suits your design vision.

Pattern One

STONE

The word 'STONE' is rendered in a large, white, sans-serif font against a solid blue background. Behind the letters 'T', 'O', and 'N', there are three vertical rectangular panels showing different textures of natural stone. The first panel (under 'T') shows a light-colored stone with a dark, irregular vein. The second panel (under 'O') shows a darker, more textured stone with a vertical crack. The third panel (under 'N') shows a light-colored stone with a vertical crack and some darker spots.

A textured narrative, with stone patterns true to nature. Inspired by the elements and moments of wonder, sculpt your space with a strong foundation.

ENHANCING HOSPITALITY SPACES WITH DURABILITY AND EFFORTLESS MAINTENANCE

STONE TEXTURES FORMED BY EARTH IN NUANCED HUES

Forged in earth, the characteristics of natural stone is as unique as a thumb print. The organic composition and minerals during formation dramatically influences the presentation of stone.

Infinity Planks offers a range of 4 differing stones, each pattern with identifying factors such as veining, ridges and accents in select tones to perfectly complement your design intent.

SUSTAINABILITY

As one of Australia's leading sustainable flooring companies, we understand that there is a limit to the world's resources and that every decision we make has a clear consequence on future generations.

“

ENDURING DESIGN BEGINS
WITH SUSTAINABILITY.

RESILOOP

Signature Floors is proud to be one of the leading suppliers of resilient floorcoverings who have committed to provide support for ResiLoop, as a founding member of Australia's first national stewardship scheme for resilient flooring. ResiLoop is a new product stewardship scheme focused on recycling research and development to address the challenges presented by past, current and future consumption of resilient floorcoverings in Australia. Advancing a circular economy for resilient flooring products such as sheet vinyl, Luxury Vinyl Tiles and Hybrid flooring, means not only improving how we source raw materials and manufacture these products, it's also ensuring we retain resources in productive use for as long as possible, remoulded again and again, without having to use new resources, making this a sustainable flooring choice.

Declare.

CERTIFICATIONS

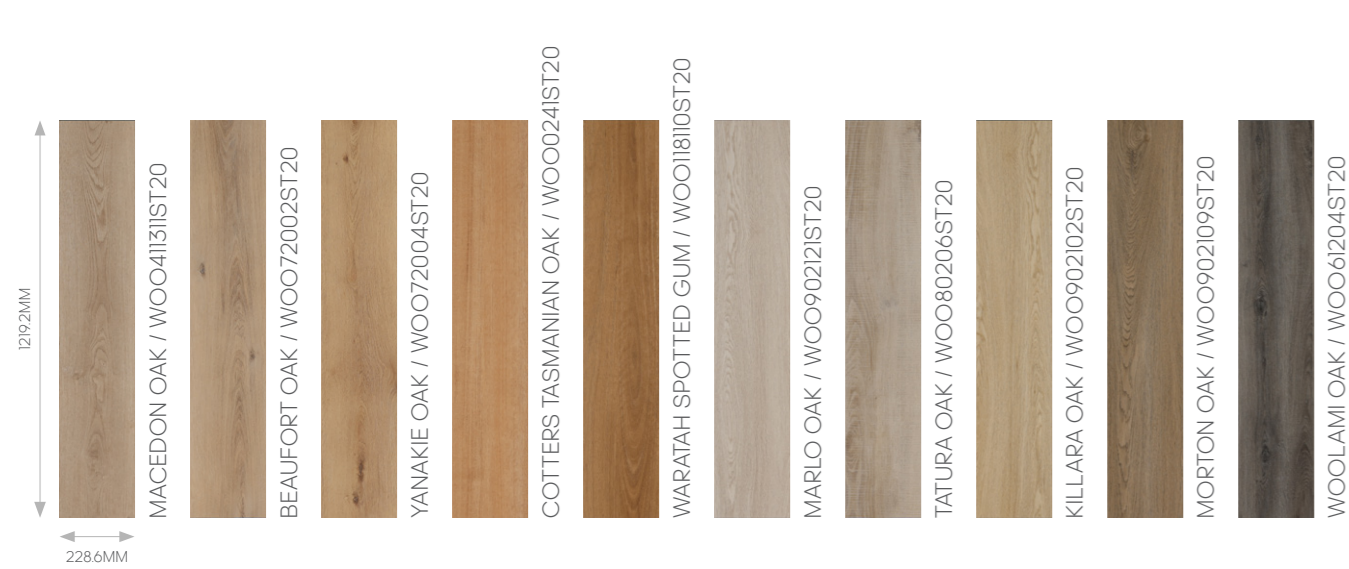

Infinity Planks is a GreenTag® GreenRate Level A certified for Green Star Projects and also contributes to points in the WELL Building Standard and Living Building Challenge. We promote material transparency with Declare Labels and EPD documentation.

CARBON NEUTRAL

Signature Floors Australia is certified carbon neutral by Climate Active, the only Australian Government backed program that supports national climate policy and voluntary climate action by Australian business. We are proud to say that we have made choices and changes in the way we do business to ensure our carbon emissions are equal to net zero.
